Railroad House,

NEAR THE DEPOT.
HANOVER, YORK CO., PA.

The undersigned would respectfully inform his numerous friends and the public generally, that he has leased the Hotel in Hanover, near the Depot, formerly kept by Mr. Jeremiah Kohler, and will spare no effort to conduct it in a manner that will give general satisfaction. His table will have the best the markets can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of choice wines and liquors. There is standing for horses attached to the Hotel. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible. He asks a share of the public's patronage, determined as he is to deserve a large part of it. Remember, the Railroad House, near the Depot Hanover, Pa.

Globe Inn,

YORK ST., NEAR THE DIAMOND,

GETTYSBURG, PA.—The undersigned would most respectfully inform his numerous friends and the public generally, that he has purchased that long established and well known Hotel, the "Globe Inn," in York street, Gettysburg, and will spare no effort to conduct it in a manner that will not detract from its former high reputation. His table will have the best the market can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of wines and liquors. There is large stabling attached to the Hotel, which will be attended by attentive hostlers. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible. He asks a share of the public's patronage, determined as he is to deserve a large part of it. Remember the "Globe Inn" is in York street, but near the Diamond, or Public Square.

DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great comfort and pleasure to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conformably as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC SKIRT, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or more) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all Ladies and is universally recommended by *the Fashion Magazines as the* STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

FOR SALE in all Stores where FIRST CLASS skirts are sold throughout the United States and elsewhere.

Selected Poetry.

A DREAM OF SUMMER.

BY JOHN G. WHITTIER.

Bland as the morning breath of June
The southwest breezes play;
And, through its haze, the Winter's noon
Seems warm as Summer's day.

The snow-plumed Angel of the North
Has dropped his icy spear;
Again the mossy earth looks forth,
Again the streams gush clear.

The fox his hill-side cell forsakes,
The muskrat leaves his nook;
The blue bird in the meadow brakes
Is singing with the brook.

"Bear up, oh! mother nature!" cry
Bird, breeze, and streamlet free,
"Our Winter voices prophesy
Of Summer days to thee!"

So, in those winters of the soul,
By bitter blasts made drear,
O'erswept from memory's frozen pole,
Will sunny days appear.

Reviving Hope and Faith, they show
The soul its living powers,
And how beneath the Winter's snow
Lie gems of Summer flowers!

The Night is Mother of the Day,
The Winter of the Spring,
And ever upon old Decay
The greenest mosses cling.

Behind the cloud the starlight lurks,
Through showers the sunbeams fall;
For God, who loveth all His works,
Hath left his Hope with all.

Agricultural & Domestic.

ADVANTAGES OF PULVERIZING THE SOIL.

The effects of pulverization or stirring the soil are numerous.

1. It gives free scope to the roots of vegetables and they become more fibrous in a loose than in a hard soil, by which the mouths or pores become more numerous, and such food as is in the soil has a better chance of being sought after and taken up by them.

2. It admits the atmospheric air to the spongioles of the roots—without which no plant can make a healthy growth.

3. It increases the capillary attraction or spongelike property of soils, by which their humidity is rendered more uniform; and in a hot season it increases the deposits of dew, and admits it to the roots.

4. It increases the temperature of the soil in the Spring, by admitting the warm air and tepid rain.

5. It increases the supply of organic food. The atmosphere contains carbonic acid, ammonia, and nitric acid,—all most powerful fertilizers and solvents. A loose soil attracts and condenses them. Rain and dew, also, contain them. And when these fertilizing gases are carried into the soil by rain, water, they are absorbed and retained by the soil for the use of plants. On the other hand, if the soil is hard, the water runs off the surface, and instead of leaving these gases in the soil, carries off some of the best portions of the soil with it. Thus, what might be a benefit, becomes an injury.

6. By means of pulverization, a portion of the atmospheric air is buried in the soil, and it is supposed that *ammonia and nitric acid are formed by the mutual decomposition* of this air and the moisture of the soil—heat also being devolved by the changes.

7. Pulverization of the surface of soils serves to retain the moisture in the subsoil and to prevent it from being penetrated by heat from a warmer, as well as from radiating it heat to a colder atmosphere than itself. These effects are produced by the porosity of the pulverized stratum, which acts as a mulch, especially on heavy soils.

8. Pulverization, also, has the combined effect of several of the preceding causes, accelerates the decomposition of the organic matter in the soil, and the disintegration of the mineral matter; and thus prepares the inert matter of the soil for assimilation by the plants.

THE QUALITY OF EGGS.

Few people ever think there is any difference in the quality of the eggs they eat. Yet there is quite as marked a difference as there is in the flesh of the fowls. Fowls that are fed on the finer kinds of cereal grain furnish much better eggs than those that subsist on grass and oats and buckwheat. Wheat or wheaten dough or bread always makes the richest eggs. C. N. Bement writes on this subject: "Though most farmers keep fowls and raise their own eggs, there are many who have not learned the difference there is in the richness and flavor of eggs produced by well fed hens, and those from birds that have been half starved through our winters. There will be some difference in the size, but far more in the quality. The yolk of one would be large, fine colored, and of good consistence, and the albumen or white clear and pure, while the contents of the other will be watery and meagre, as though there were not vitality or substance enough in the parent fowl to properly carry out and complete the work nature has sketched. In order, therefore, to have good eggs, the fowls should be well fed and provided with an abundance of fine gravel, that they may be able to grind and prepare their food for digestion.

INSECTS ON FRUIT TREES.

The editor of the *Entomologist*, in speaking of a work on entomology, issued by authority of the New Jersey State Agricultural Society, says:

It may be briefly stated here, that in the case both of the curculio and the apple-moth, it is recommended to destroy as quickly as possible all the infested fruit that falls from the tree; that in the case of the curculio, jarring (not shaking) the infested tree upon white sheets, and killing all the "little Turks" that fall thereon, is the approved remedy; and in the case of the apple-worm, wrapping hay-bands round the trunk of the infested tree, and destroying from time to time the insects contained in the cocoons formed on and in the bark beneath those hay-bands.

FELT HAPPY.

A clergyman in an adjoining town, who is being blessed with a revival of religion in his church, went one evening to attend a neighboring prayer meeting. The house was full, and all present seemed deeply interested in the exercises. At the close of the meeting he invited all those who desired to hold a personal conversation with him, as to the state of their feelings, to remain. Quite a number did so, and among them a "hardy son of toil," whom we will call Mr. B. The good Minister in his round of conversation with each one, came to him; and upon inquiring the state of his feelings received the reply that he "felt happy." "Ah, indeed," said the preacher, "I am rejoiced to hear you say so; may I enquire how long you have enjoyed this happy frame of mind?" "Perhaps, mostly since last week," said Mr. B. "Well, my friend," said the clergyman, "to what particular event or circumstance, or occasion, do you trace this happy change in your feelings?" "Well, Mr. Minister," said Mr. B., "I reckon perhaps the news of the election of Mr. English for Governor of the State of Connecticut, was about the spot to start from."—*Hartford Times.*

☞A colored witness was examined in a Washington city court, to prove the identity of a white man, the other day.

District Attorney—"Did you see the man?"

"Yes sir, I seed him!"

"Was he a white man?"

"Don't know, sir!"

District Attorney—"Do you tell me you saw the man and can't say whether he was white or black?"

"Yes sar, I seed him, but dares so many white fellows callin' demselves 'niggers' round here, I can't tell one from tod'er!"

Witness dismissed—explanation satisfactory.

A Puzzle in Figures.—We clip the following for the amusement of our puzzle loving readers: Bid a person think of a number; tell him to double the number, which done, bid him multiply the number by 5, and tell you the product; from this you cut off the last figure, which will always be a cipher, and the number remaining will be the one first thought of. For example: let the number thought of be 26, which doubled makes 52, that, multiplied by 5 produces 260; then, if you take away the cipher, which is the last figure in the product, there will remain 26, the number first thought of.

Important to Heirs of Soldiers.—In accordance with a bill passed by the last Congress, the heirs of Union soldiers who died while held as prisoners in the South are entitled to draw commutation for rations for the time intervening between the capture and decease of such soldiers. This commutation amounts to twenty-five cents per day, and can be obtained by the widow, if she has remained unmarried as late as March 2, 1867.

☞A firm desirous of finding out the pecuniary status of a person who wished to purchase goods, telegraphed for the information. The answer came back.—"Note good for any amount." So a large bill of goods was sold and shipped. The note came due and went to protest. The firm found with disgust that the dispatch should have read, "*Not* good for any amount."

Why He Left.—Thurlow Weed, in the *Commercial*, is telling us how and why he quit the Radical company. He says:

"We were weary of and disgusted with the men who had risen, in discordant and disturbed times, to the management of public affairs. It was a day of small, cheap men—the saplings and hoop-poles of party—thrown to the surface in a storm. Our State conventions were controlled by secret leagues, whose manipulators lay around Albany during the winter, dispensing offices and debauching the Legislature," &c.

☞The State tax in New York will be higher this year than ever before, running up to ten mills upon the dollar, or one per cent. The time was in Pennsylvania when half a mill was considered an enormous tax, and people grumbled immensely over being obliged to pay it. What would our people think if they were taxed one per cent., as in New York? If Radical rule continues much longer, the time seems to be nearly at hand when the man who has the least property will be the best off.

☞Instead of reducing Ireland to a dependency and placing over it a despotic satrap, like the Rads have done with the Southern States, the British Government has brought the leading Fenians to trial and convicted them of treason. However it has as yet hung no one, and it is likely will not. No one has yet been hung for rebellion at the South, and it is more than probable no one will be hung. "Mild confiscation" (otherwise theft and robbery) and Radical supremacy are the objects of the Rads and not to "make treason odious."

☞The proposed amendment to the Ohio Constitution strikes the word "white" out of the franchise clause of the Constitution, but leaves it in the militia clause. If adopted it will, therefore, enable the negroes to vote, but will not compel them to muster. This will be making the darkies superior to the whites, inasmuch as they will have a share in the government without being required to defend it. This is one of the "blessings" which the Radical leaders want to bestow upon the Buckeyes. The latter will not be likely to "see it."

☞The Louisiana Legislature appropriated $4,000,000 for the repair of the Mississippi levees, to be disbursed by the board of levee commissioners. Satrap Sheridan, probably desiring to give his friends a grab at the fund, abolished the board and designated persons of his own selection to take charge of the money. The probabilities therefore are that the bulk of the four millions will repair more pockets than levees.

☞The Tribune thinks the old maxim about honesty being the best policy should be replaced by this legend: "Dishonesty is the best policy—if you steal half a million." The Tribune's party has acted upon that theory ever since its organization.

☞The *Springfield Republican* says of Thad Stevens' letter, that "there are threats of such utter perfidy involved" in his declarations, "that they should be promptly repudiated by every Republican who cares for the honor and success of his party."

☞Since the admission of negroes to the Charleston street cars, white travel has almost ceased. The cars were mostly patronized by women and children.

☞The grasshoppers out west have destroyed everything in the shape of grass except *grass* widows.

IMPORTANT TO TAVERN-KEEPERS.

The late Legislature passed an act requiring that all places where liquor is sold shall be closed at twelve o'clock every night and during Sunday. The following is a section of the act:

"SEC. 5. All persons, thus licensed, shall close or shut up their bar or place of sale at or before the hour of twelve every night, and not open the same until sunrise next day, and on Sunday shall not open them at all, but keep them shut until Monday at sunrise; this is not designed to prevent the reception and lodging of persons traveling, without violation of law."

The same act prohibits the sale or gift of liquor or beer to minors and apprentices without the written consent of parents, guardians or masters. Selling or giving liquor to habitual drunkards is to be punished by forfeiture of license. Selling or giving liquor to a husband, wife or child, against the request of child, wife or husband, is made punishable by all the fines and forfeitures of the act, and the party so selling or giving shall in all cases be liable for damages in any court of competent jurisdiction. The penalty for voilation of the act is a fine of not more than twenty dollars, and, in default of payment, imprisonment for not more than five days. Constables, sheriffs and policemen are required to enforce the requirements of the act and to arrest all persons found drunk, and take them before a magistrate, where, when sober enough, their testimony shall be taken against those from whom the liquor was obtained. See General Laws, 1867, No. 50, pp. 90.—*Patriot & Union.*

TEN TARIFFS IN FIVE YEARS.

The New York *Post*, a Radical newspaper, says we have had ten tariffs in five years; beside the one at which Congress was tinkering some months before its adjournment. Here is the list:

1. The act of March 2, 1861, which nearly doubled the taxes on foreign goods imposed by the tariff act of May 3, 1857.

2. The act of August 5, 1861, which increased the duties levied by the previous act.

3. The act of December 24, 1861, providing for *higher duties.*

4. The act of July 14, 1862, providing for *still higher duties.*

5. The act of March 3, 1863, which imposed *still higher duties.*

6. Act of June 30, 1864, which imposed *much higher duties* on nearly everything.

7. The act of March 3, 1865, which imposed *yet higher duties* on some things.

8. The act of March 11, 1866, which imposed *additional duties* on various things.

9. The act of May 16, 1866, which imposed *more duties* on articles.

10. Lastly, the act of July 28, 1866, which imposed from four to twenty per cent. *additional duty* on everything.

Each new act only put new burthens upon the consumer for the benefit of the New England manufacturers. No wonder the *Post* was disgusted, until it proposes to build a wall one

GETTYSBURG, PA.

Monday Morning, June 3, 1867.

A VOICE FROM THE GRAVE.

While Senator Douglas and the late President Lincoln were holding their great discussion before the people of Illinois, in 1858, the "martyred President" was pressed as to whether he was in favor of negro suffrage and negro equality, for Senator Douglas could very plainly see where the Republican party were drifting. Mr. Lincoln answered:

"*I am not*, nor never have been in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people; and I will say in addition to this, that there is a physical difference, between the black and white races, which I believe will forever prohibit the two races from living on terms of social and political equality. And inasmuch as they cannot so live, while they do remain together there must be the position of superior and inferior, and I, as much as any other man, am in favor of having the superior position assigned to the white race."

PROTECTION FOR TENNESSEE.

General Thomas has been in Washington consulting with the authorities there in regard to the condition of affairs in Tennessee. Brownlow has organized and equipped a set of ruffians whose avowed purpose is to prevent fair or free elections from being held. Petitions have been received at Washington from all parts of Tennessee, which represent the country as being filled with terror at the brutal and bloodthirsty threats of Brownlow and his band of cut-throats.

No freedom of opinion is to be tolerated but at risk of life and limb. They say the consistent and unfaltering Union men desire that General Grant shall send a sufficient Federal force to protect the people from the threatened assaults, &c. Upon consideration of these petitions the Administration determined to send for General Thomas and consult with him as to the actual condition of affairs in Tennessee.

The matter was considered in Cabinet, and it was determined to have in readiness such forces as might be necessary, General Thomas to have full power to act in the premises as in his judgment may seem best for the public peace and welfare of the citizens of Tennessee.

THE MOBILE RIOT.

General Swayne has made an official report of the Mobile riot, in which he says "the disturbance was not apprehended or deliberately planned," and he does not find any graver charge against the police of the city than that of "timidity or inefficiency." The whole affair resolves itself into an accidental disturbance, provoked by the outrageous language and the brutal conduct of the blackguard Kelley.

THE LEAGUERS.

The Loyal Leaguers of Philadelphia, appreciating their increasing weakness, recently adopted the following resolution:

"*Resolved*, That the officers of the State Grand Council be instructed to confer with the *officers* of the Grand Army of the Republic, and ascertain whether the two organizations cannot be united, so as to operate together."

From this the rank and file of the "Grand Army of the Republic" may see the use to which they are to be put by their officers. There is scarcely a doubt that the officers of the "Army" have already sold the privates to the "League," for a consideration.

THE LIQUOR LAW.

The following was the vote on the new liquor bill in the State Senate, upon its final passage:

YEAS—Messrs. Bigham, Browne, of Lawrence; Brown, of Mercer; Coleman, Connell, Cowles, Fisher, Graham, Haines, Landon, M'Conaughy, Royer, Shoemaker, Stutzman, Taylor, White, Worthington and Hall, Speaker—18.

NAYS—Messrs. Burnett, Davis, Donovan, Glatz, James, Ridgway, Randall, Schall, Searight and Wallace—10.

The yeas are all Radicals and the nays all Democrats, except Ridgway.

☞ The New York *Herald* thus notices Mr. Thaddeus Stevens' late letter on confiscation in the South:

Thad Stevens, chained to a sick bed and a doctor's commands, like Prometheus to the vulture and the rock, growls and groans by turns because he is not in a condition to let himself loose upon Wilson and others who are meddling with his *mild* prescription of confiscation for the moaning South.

☞ Thad Stevens is out in another letter in which he denounces that "putrid humanity" which would prevent him from confiscating enough "rebel" property to pay him for his old furnace. Won't somebody stuff the old malignant's mouth full of greenbacks and stop his seurrility?—*Patriot & Union.*

☞ A fight occurred on Monday last at Danville, Virginia, between a United States burial corps and the negroes at that place. Pistols were fired and stones thrown, and the burial corps was driven out of the town. Two men were wounded on each side. The negro elephant is not only becoming expensive, but decidedly unruly. The taxpayers of the North will have enough of him yet—in fact, the late elections indicate a surfeit now.

Surratt's Case.—The trial of John H. Surratt, which it was confidently predicted would commence on Monday, has been again postponed. The government is not entirely ready, and the case, therefore, was continued to the tenth of July.

☞ The Chicago police last week found a drunken man in the gutter, in whose pockets, when he was searched at the station-house, were letters from Wendell Phillips and others, recommending him as a temperance lecturer. His name was A. H. Davis.

Pronounced Unconstitutional.—The Supreme Court of this State has rendered a decision pronouncing the "law" creating a new Radical Court for Schuylkill county unconstitutional. Right.

☞ The Democracy of Bunker Hill, Illinois, on the 6th ult., elected their entire ticket for city offices, by a majority of sixty. This is the first time since its incorporation that the Democracy have carried the town.

GREELEY ON THE "LEAGUE."

It seems that Horace Greeley has incurred the wrath of the New York "Loyal League," of which he is a member, for his action in becoming one of the bondsmen of Jeff. Davis. In the New York *Tribune* of Thursday week, Mr. Greeley published a reply, over his own signature, to a committee of the "League" who had cited him to appear before them and answer for his conduct. He first vindicates his consistency by republishing editorials written immediately after the close of the Rebellion, advocating "magnanimity in triumph," and also a letter published last fall, in which he advocated "universal amnesty." He then assumes the offensive in the following trenchant style:

Gentlemen, I shall not attend your meeting this evening. I have an engagement out of town, and shall keep it. I do not recognize you as capable of judging, or even fully apprehending me.—You evidently regard me as a weak sentimentalist, misled by a maudlin philosophy. I arraign you as narrow minded blockheads, who would like to be useful to a great and good cause, but don't know how. Your attempt to base a great, enduring party on the hate and wrath necessarily engendered by a bloody civil war, is as though you should plant a colony on an iceberg which had somehow drifted into a tropical ocean. I tell you here, that out of a life earnestly devoted to the good of human kind, your children will select my going to Richmond and signing that bail-bond as the wisest act, and will feel that it did more for freedom and humanity than all of you were competent to do, though you had lived to the age of Methuselah.

I ask nothing of you, then, but that you proceed to your end by a direct, frank, manly way. Don't sidle off into a mild resolution of censure, but move the expulsion you propose, and which I deserve, if I deserve any reproach whatever. All that I care for is, that you make this a square, stand-up fight, and record your judgment by yeas and nays. I care not how few vote with me, nor how many vote against me; for I know the latter will repent it in dust and ashes before three years have passed. Understand, once for all, that I dare you, and defy you, and that I propose to fight it out on the line that I have held since Lee's surrender. So long as any man was seeking to overthrow our government he was my enemy; from the hour in which he laid down his arms, he was my formerly erring countryman. So long as any one is at heart opposed to the national unity, the Federal authority, or to that assertion of the equal rights of all men which has become practically identified with loyalty and nationality, I shall do my best to deprive him of power; but, whenever he ceases to be thus, I demand his restoration to all the privileges of American citizenship. I give you fair notice that I shall urge the re-enfranchisement of those now proscribed for rebellion so soon as I feel confident that this course is consistent with the freedom of the blacks and the unity of the Republic, and that I shall demand a recall of all now in exile only for participating in the Rebellion, whenever the country shall have been so thoroughly pacified that its safety will not thereby be endangered. And so, gentlemen, hoping that you will henceforth comprehend me somewhat better than you have done, I remain,

Yours, HORACE GREELEY.

New York, May 23, 1867.

A WORD TO BONDHOLDERS.

Speaking of the probable effect of negro suffrage upon the financial interests of the country, Henry Clay Dean recently said:

"I could wish bondholders no worse luck than to fall into the hands of negroes, who want cheap food and raiment, and will vote down tariffs and taxes. Then what becomes of the public debt?"

There is a pregnant meaning in those few words which holders of bonds would do well to ponder carefully. With the incorporation of the vast mass of ignorant negroes among the voters of this country, there will be serious danger of repudiation, whenever at a time of financial depression the burthen of taxation shall press heavily upon the poorer classes. It cannot be expected that the negroes will be restrained by any fastidious sense of honor from voting to shift the burthens of the government from their shoulders. The cry of cheap clothing and cheap goods in general will be what they will listen to most eagerly. Let the bondholders seriously reflect upon the effect which unrestricted negro suffrage will have upon their securities.

☞ If the late Congress had done one-fifth as much to restore the Union as it did to keep it in its present wretched condition, the restoration would now be complete and the country comparatively happy and prosperous.

☞ The appearance of a dozen Democratic members of Congress from Kentucky and Connecticut, at the next session, will be a most seasonable reinforcement in that body, and will be a decided earnest of the change of sentiment which is going on all over the country.

☞ The election in Colorado shows a great re-action against the Radicals. "Down with their house," is the cry in every direction.

☞ The Norristown *Herald* says: "It is understood that Hon. John Cessna, under an appointment from the late State Temperance Convention, is preparing a bill designed to suppress the liquor traffic in Pennsylvania, which will be presented at the next session of the Legislature."

Good authority! Then we are to have a Prohibitory law next session—one of the "grand moral ideas" borrowed from the Yankees.—*Doylestown Democrat.*

☞ The Boston Post says we no longer hear about the necessity of the last dollar being given to support the Government. People are not so fond of taxation as they were.

☞ The New York Journal of Commerce, representing the great commercial interests of that city, has the following concise reference to Mr. Thaddeus Stevens: "This man is a nuisance to the whole country, North and South."

☞ A negro in a street car in New Orleans threatened to shoot a woman who had protested against his insults, "as quick as he would any d—n white rebel." The conductor said he did not dare to put him out, as he was a colored man.

☞ The negroes in New Orleans are rather demonstrative. At every alarm of fire they rush through the streets armed with clubs and muskets.

☞ In his sermon on Sunday week, Henry Ward Beecher warmly defended the release of Jefferson Davis, to the great disgust of his Radical hearers.

☞ Why was Kelley at Mobile like the serpent in Eden? Because he crawled on his belly.

☞ While the debt of Democratic Connecticut is going down that of Radical Massachusetts is going up.

TOWN AND COUNTY AFFAIRS.

DEATH OF REV. DR. KRAUTH.—We perform a melancholy duty in recording the death of our venerable and esteemed fellow citizen, Rev. Dr. Chas. P. Krauth, Sr., which occurred at his residence, on Baltimore street, at 6 o'clock on Thursday evening last. Though bodily feeble for several years, his mental vigor ceased only with a calm and peaceful termination of life. His remains were interred in Ever Green Cemetery, on Saturday afternoon, after appropriate and impressive services in Christ Church, including addresses by Rev. Dr. Morris, of Baltimore, and Rev. Drs. Hay and Baugher, of this place. The funeral was attended, in addition to the relatives and a large concourse of citizens, by the Faculties and Students of the College and Seminary.—The stores and other places of business were closed during the moving of the funeral cortege.

Dr. Krauth was born in Montgomery county, Pa., and commenced his ministry in Virginia, after which he was transferred to Philadelphia, as Pastor of St. Matthew's Church; in 1833 he was elected Professor in the College and Seminary here, and soon after became President of the former, which post he occupied seventeen years; resigning the Presidency a few years ago, he gave his whole time to his duties in the Seminary, continuing up to his death. In addition to his professorial engagements, he was Pastor of the College Church five years. His age was a little upwards of 70 years.

Thus has passed away one who long held a prominent place in the church and the community. Highly cultivated, with great purity of character and goodness of heart, Dr. Krauth was esteemed by all, and sinks into the grave regretted by all. Peace to his ashes.

TERRIBLE ACCIDENT.—*Death of Mr. Jacob Criswell.*—A terrible accident occurred near Hann's Station, four miles east of this place, on Thursday morning last. Mr. Jacob Criswell, a farmer, residing near the Station, turned out among others, with his gun, to destroy a mad dog roaming through the neighborhood. Coming in sight of the dog, vigorous chase was made, but he somehow disappeared. The party, fatigued, stopped a moment by a fence, Mr. Criswell leaning on the top rail, the gun resting against his body. The rail, being rotten, broke in two, and, by some singular fatality, one of the pieces struck the hammer of the gun, causing the discharge of the barrel, and the entrance of its entire contents into Mr. C's. left side, from which death resulted in about fifteen minutes. The terrible casualty occasioned general sadness throughout the neighborhood, and much sympathy is felt for the wife and large family of children thus so suddenly left to mourn the loss of a husband and father. The remains of the deceased were interred at Hunterstown on Saturday, a large number of relatives and friends attending.

COLLEGE ITEMS.—The College Board met on Wednesday week, when the resignation of Prof. F. A. Muhlenberg, Jr., as Professor of Ancient Languages, was accepted, to take effect at the close of the present month, and the following resolution was unanimously adopted:

Resolved, That in accepting the resignation of Prof. F. A. Muhlenberg, Jr., Franklin Professor of Ancient Languages in this Institution, we cheerfully bear testimony to the ability and fidelity with which he has discharged the duties of his Professorship—that we regret he has deemed it his duty to offer his resignation, and that we hereby tender to him the assurance of the best wishes of this Board in his retirement from its service.

Prof. Muhlenberg has been elected President of the new College (Old School Lutheran) at Allentown, and will take to his new post the well-earned reputation of being one of the best educators in the country. His departure from among us will be much regretted. The nomination of a successor to Prof. M. devolves upon the Pennsylvania Synod, (which meets next month,) subject to the approval of the Board of Trustees.

The contract for the erection of the main Building for the Preparatory Department has been awarded to Mr. McCoy, of Chambersburg, the lowest bidder, at $18,300, who will at once proceed with the work. It is to be located between the College and Prof. Ehrehart's residence, and will occupy a commanding position. The name of the Preparatory Building is to be *Stevens Hall*, after Thaddeus Stevens.

PASTORS.—Rev. D. T. Carnahan, Pastor of the Presbyterian Church in this place, preached his Farewell Sermon Yesterday week, and on Monday left for his new charge, at Bellefield, near Pittsburg. The congregation has secured the services of Prof. Edsall Ferrier as a stated supply for a period of three months.

We understand that Rev. J. R. Warner, Pastor of the Marsh Creek and Hunterstown Presbyterian Congregations, has accepted a call to the Presbyterian Church at Kirkwood, in the vicinity of St. Louis, and that he expects to enter on his new field late in July.

MEMORIAL CHURCH.—It is proposed by the Methodist Episcopal denomination to erect a Memorial Church in this place—to be built of granite, and to cost $60,000. The idea was conceived by the Presiding Elder of this district, Rev. B. H. Creaver, and he has given much time and reflection to its elaboration. An Association has been formed, with, it is said, Gen. Geary as President. Tickets of membership, $5. The Church is to be located on one of our principal streets.

THE OFFERING TO THE POPE.—We find the following among the amounts collected in the various churches in the Diocese of Philadelphia, as an offering to the Pope: St. Joseph's, Hanover, $53 15; Sacred Heart of the B. V., Paradise, $128 66; St. Aloysius, Littlestown, $172 67; Church of the Sacred Heart, Conowago, $217 54; Immaculate Conception, York, $180 00; St. Joseph's, Bonaughtown, $106 00; Francis Xavier, Gettysburg and Missions, $100 00; St. Patrick's, York, $72 10.

TAXING BANK STOCK.—The last Legislature passed a bill taxing National Bank stock in the hands of holders, at the rate of three mills on the dollar per annum—to be exempt, however, if the Bank in which such stock is held shall pay to the State Treasurer a tax of one per cent. per annum on the par value of its capital stock.

TOWN COUNCIL.—The Town Council, on Monday evening, voted down a proposed Ordinance to prevent cows from running at large.

A resolution was passed to grade and pave Stratton street, between York and Middle, and another to repair the Public Square and Carlisle street. When at work on the latter, it should certainly be continued on the Mummasburg road as far as Stevens' run.

CHURCH REPAIRS.—St. James Lutheran Church, Rev. E. Breidenbaugh, Pastor, has been very tastefully repaired and refitted, and, it is expected, will again be opened for service next Sabbath. The pulpit and pews have been remodeled, and the walls and ceiling handsomely frescoed, with carpets in all the aisles and pews. The committee having the improvement in charge have performed their duty well.

THE DUNKERS.—The Annual Meeting of this denomination will be held at Pipe creek, Md., on the 11th of June. At the Annual Meeting of 1866, held near Waynesboro', Franklin county, it was decided "that there be no public preaching at the place where the Council is held," and "that there shall be no boarding tent put up at the place of meeting, to entertain and feed a mixed multitude, as before," but "that the Church holding the meeting shall make arrangements to receive and entertain all the brethren and sisters privately."

APPEAL BY ASSESSOR OF INTERNAL REVENUE.—*Hon. W. McSherry*, Assessor of Internal Revenue, will hold an appeal in this place, on the 15th of June. Those interested will please take notice. See adv't.

BOUNTY ACCOUNTS.—Township Auditors will do well to examine the law which compels them to have the bounty accounts, as audited by them, advertised in two newspapers. The act may be found on page 778 of the pamphlet laws of 1866.

"THE GETTYSBURG ASYLUM."—On the 27th, Attorney General Brewster lodged information in the Supreme Court of the State against the corporation mentioned, praying that the lottery scheme be prohibited, and that its corporate rights be forfeited by reason of various abuses of their powers. The case will be argued July 3d, in Philadelphia.

IRON ORE.—We understand that a vein of rich iron ore has been found on Peter Comfort's farm, near New Salem, this county, and that it is the intention of the party having it in hand to work it vigorously.

ZOUAVES.—The Philadelphia *Age* of Wednesday says: Last evening a meeting of citizens favorable to forming a Zouave regiment, was held at the Hall of the Empire Hook and Ladder Company. Colonel Baxter occupied the chair. Mr. Whartman was chosen secretary. It was stated that it was probable that the regiment would be formed and equipped, and would make a visit to Gettysburg on the 4th of July next.

☞ The York *Pennsylvanian* says that a pig with two tails, eight legs, and an unusually large head, was found in the stable of a Mr. Rauhauser, at Lockport, York county.

PROPERTY SOLD.—Messrs. Henry Bishop and Henry Bair, Administrators of Adam Spitler, dec'd., sold the property of said decedent, in Mountpleasant township, on Saturday week, to John McMaster—43¼ acres, with house, stable, &c., at $120 per acre. Mr. McMaster will sell twenty-two acres of the woodland, either in whole or in lots, as purchasers may desire. It is very prime.

DIAMOND CHURN.—Messrs. Wible, Buehler & Co., who purchased the right to the celebrated Diamond Churn for Adams county, and who were unable to supply the demand for want of castings, are now prepared to furnish the Churns complete. This churn is without a rival in simplicity of construction, and will churn more butter in the same time than any churn in market. It churns butter in from one to three minutes. They can be had in Gettysburg, at C. H. Buehler's Ware-room; at Green Mount P. O.; at Wm. Wible's on Harrisburg road and at Samuel Overholtzer's in Hampton. It

HORSES STOLEN.—On Wednesday night week, four horses were stolen in York county, a bay mare from Jacob Beshore, Sr., near Liverpool, a horse from Samuel Sheely, at Emigsville, a valuable gray mare from H. W. McCall, of York borough, and a mare from Mr. Copperheffer, near Liverpool. The latter was, however, left run by the thieves after they found that the animal had foaled only a day or two previously. Every effort is being made to break up the gang, and it is not doubted that the desired end will soon be reached.

HYDROPHOBIA.—Now that the "heated term" is near at hand, and an occasional mad dog may be expected, the following cure for hydrophobia will be *apropos*. A gentleman furnishes it to the *National Intelligencer*, and vouches for its efficacy: "Spirits of hartshorn is a certain remedy for the bite of a mad dog. The wound should be bathed constantly with it, and three or four doses, diluted, taken inwardly during the day. The hartshorn decomposes chemically the virus insinuated into the wound and immediately alters and destroys its deleteriousness."

SUIT FOR DAMAGES.—The proprietors of the Hagerstown *Mail* have brought suit to recover damages for the destruction of that office by a mob, in May, 1862. Several other citizens have also brought suit to recover for the destruction of their property from a similar cause. Those who choose to dance must pay the piper.

WHEAT.—Unless all the signs fail, this year will see a larger crop of winter wheat harvested than any previous year in our history.

☞ We see it stated that land located one mile beyond the limits of York borough, sold last week for $400 per acre.

☞ Rufus W. Bailey, Esq., formerly of this county, was admitted to the Bar of Ohio, at Urbana, on the 16th ult.

A Remarkable Birth.—A woman named Mrs. Quinn, residing in Flushing avenue, Brooklyn, surprised her husband and friends yesterday by giving birth to four children, two girls and two boys, weighing six pounds each. The mother and children are doing well.—*N. Y. Herald, May 28.*

Special Notice Column.

A Speedy Withdrawal.

Whenever it is properly and timely applied to Bruises and Cut-wounds, Immediate ease follows. So, for Burns and Scalds there is nothing like it. Apply the remedy over the burnt surface, if the skin is broken, mix with sweet oil. The inflammation speedily withdraws. For a sudden Sprain, the Relief works like magic. Rub well, and often, and however excruciating the pain may be, and enlarged the swelling, immediate relief ensues to such a degree as to give that encouragement so much needed by the afflicted. It does its work instantaneously, when timely used. Take thirty drops in molasses, internally, and rub the Throat freely with the Relief, until a burning sensation is felt, and Soreness vanishes. Those addicted to Inflammation of the Lungs, whose subject often times to heavy colds, should invariably apply Radway's Ready Relief. In confirmed cases of Cholera, take it inwardly, and rub outwardly without fear, favor, or affection, and repeat as often as the discharges continue. In no one case has it ever failed to bring relief and life-saving results. So with aggravated cases of Cholera Morbus, acute pains about the Chest, lightning-like attacks of Pleurisy, Pneumonia, Lumbago, and Rheumatism. In every instance of Chills and Fever, (and the Relief is used in every climate) where it has been timely administered, it proved a sure success, and for such like Intermittent Fevers, it is a preventive. Whenever and wherever distress is felt about the system, where Nervousness acts predominant, where Neuralgia, or Tic Doloureux, with sharp, shooting pains, causes intense suffering, always be prompt in action, taking it internally, and apply it externally, to the affected parts. Once tested will satisfy the most skeptical person of its intrinsic merits. It is the most economical medicine in use. Its strength is superior. As a tonic, it is excellent when taken in a little water, and is freely used in place of the many poisonous wine bitters. It is a capital remedy for Heartburn, will lull the Toothache at once, cut short the Hysteria, and thirty drops of Relief in a wine-glass of water, will check the most virulent Diarrhœa or Dysentery. In its effects it is pronounced faultless, and wherever there is pain, rest assured there can be found an antidote in Radway's Ready Relief.

Sold by Druggists. Price 50 cents per bottle.

To Consumptives.

The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection, and that dread disease Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and all Throat and Lung Affections. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, free, by return mail, will please address

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. Schenck, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. Schenck makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half dozen. All letters for advice should be addressed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

A Young Lady

returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. A Card to the Ladies.

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. Infallible in correcting Irregularities, Removing Obstructions of the Monthly Turns, from whatever Cause, and always Successful as a Preventive.

It is now over thirty years since the above celebrated Pills were first discovered by Dr. DUPONCO, of Paris, during which time they have been extensively and successfully used in most of the public institutions, as well as in private practice, of both hemispheres, with unparalleled success, in every case, and it is only at the "urgent request" of the thousands of Ladies who have used them, that he is induced to make the Pills public for the alleviation of the sufferings from any Irregularities whatever, as well as to prevent an increase of family where health will not permit it.

ONE PILL IS A DOSE.

Females peculiarly situated, or those supposing themselves so, are cautioned against using these Pills while in that condition lest they "invite miscarriage," after which admonition, the Proprietor assumes no responsibility, although their mildness will prevent any mischief to health, otherwise the Pills are recommended as a MOST INVALUABLE REMEDY for all those afflicting complaints so peculiar to the sex.

ONE BOX IS SUFFICIENT.

10,000 Boxes have been sold within Two Years. Ten Thousand Boxes sent by Mail, both by myself and Agents, to all parts of the world, to which answers have been returned, in which ladies say, nothing like the above Pills have been known since the Science of Medicine dawned upon the world, in Removing Obstructions and Restoring Nature to its Proper Channel, Quieting the Nerves and bringing back the "Rosy color of Health" to the cheek of the most delicate.

Price $1 per Box. Six Boxes $5.

Sold by JOHN S. FORNEY, Druggist, Sole Agent for Gettysburg, Pa.

Ladies, by sending him $1 through the Post Office, can have the Pills sent, (confidentially,) by Mail, to any part of the country, "free of postage."

Sold also by J. Spangler, Chambersburg; G. W. Neff, York; Coleman & Rogers and Brown Brothers, Wholesale Agents, Baltimore, and S. D. Howe, Proprietor, New York.

Know Thy Destiny.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife, or the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communications sacredly confidential. Address in confidence, MADAME E. F. THORNTON, P. O. 223, Hudson, N. Y.

☞ A New Orleans street car conductor complained before the court, the other day, against a negro for attempting to force an entrance into one of the cars set aside for white people. The judge, being "loyal," decided that no breach of the peace had been committed; whereupon the negro made complaint against the conductor for pushing him off the car. Pending the action Satrap Sheridan's chief of Police issued an order giving the darkies all the car privileges they desire; so that they can now ride in their own or the white cars as fancy prompts them. Great is charcoal.

HOWE'S SEWING MACHINES.—About twenty years ago, Mr. Elias Howe, Jr., discovered the principle which is still the basis of all Sewing Machines; and since that time (1845,) he has been constantly engaged in perfecting his Sewing Machine, and adapting it to all kinds of work, that he is now enabled to furnish a machine that is distinguished from all others by the simplicity, beauty and durability of its stitch, and which obtained the first prize in the International Exhibition in London in 1862. The Howe Machine Company, in Bridgeport, Connecticut, has been organized to manufacture these sewing machines, under the immediate supervision of Elias Howe, Jr., the original inventor. They are adapted to the sewing of the most delicate fabric, as well as the heaviest leathern work, and the seam that is made by them never rips or ravels. There are so many uses to which this excellent piece of mechanism can be put, that it is the interest of every family and manufacturer to make use of it.

Messrs. Sibley & Stoops, 922 Chestnut Street, Philadelphia, are the sole agents for Eastern Pennsylvania, New Jersey and Delaware. They offer a splendid chance to all who wish to establish agencies in the different counties and towns. All communications to this effect will receive prompt attention.

Hubbard's

SELF-RAKER.

THE undersigned are agents for this celebrated Combined Self-raking Reaper and Mower. This machine has two driving wheels, hinge-joint and folding-bar, is very simple in construction, and is considered by those who have used them to be equal in grass to any light machine made for mowing only. It cuts 4 feet 8 inches in grass, and 5 feet 6 inches in grain, is a rear-cut side-delivery, capable of *cutting a whole field of grain without binding a sheaf*, and does the most satisfactory work in lodged grain, to be worked with two horses. We claim this Self-raker to be the best in existence. Farmers reading over the different advertisements will come to the conclusion that all are best, but we will give them our reasons for calling ours the best:

1st. This Self-raker has four rakes (no blanks or fans). The driver, by means, of a small lever in front of him, can make either rake sweep the platform at his will. You will see by this that it makes no difference how far you have to drive, you can always have a full sheaf, thereby saving binding, gathering or dividing sheaves.

2nd. If your grain is one thickness so that it will permit of making a sheaf each revolution of the Rake or you wish to put the driver on the horse, you can do so by simply drawing one bar, and still keep the rakes all on to drop into the lodged or tangled grain. Here is one point to which we wish to draw your attention. Take notice where all these rakes strike into the grain and then compare them with blanks or reels on other Self-rakers.

3d. If you wish your oats on a swath, tie your lever fast, and it will do its work perfectly and you will be safe for wet weather.

4th. *All men know that in a hand-raking* Reaper that the reel must be changed for different kinds of grain to make it reel on platform, and so must a Self-raker to make perfect work in extreme tall or short grain. This Rake has this most desirable and indispensable improvement, which no other rake has. This is done by changing two set screws in rake-head which works on a pivit. With a combination of these four desirable points, it has been unanimously acknowledged by all disinterested and practical machinists to be decidedly simple and durable in its construction.

At the great National Field Trial, held at Auburn, New York, last July, which is conceded to have been the largest and severest trial ever held in the United States, lasting several weeks, under the entire management of the New York State Agricultural Society, this machine was awarded the Gold Medal for the best Combined Self-raking Reaper and Mower, (Class No. 4). Since the great trial, different machines are claiming Medals, and most persons are in a fog about it. We will explain: There were about 50 different machines entered for the different Medals, and they were classed as follows: The best machine in each class was awarded a Medal, and *the second best a prize of $25.*

Class No. 1, Light Mowers; No. 2, Reapers Hand Rake, (for grain only); No. 2½, Reapers, Self-rake, (for grain only); No. 3, Combined Reaper and Mower, (Hand-rake); No. 4, Combined Reaper and Mower, (Self-rake) Hubbard's; No. 5, Combined Hand and Self-raking Reaper and Mower, (thrown out on account of inferior work)

At the Field Trial held by the Center County Agricultural Society, on McAllist r's farm, last July, Hubbard's Combined Self-raking Reaper and Mower was awarded the highest premium for the best work done. See Circulars for report. All we ask is farmers to come and see this machine for themselves. We warrant them to give entire satisfaction in all respects. Sample machines on hand. Extras always on hand. Branch Shop at York, Pa. Address Granite Hill Post-office, Adams county, Pa.

MOUNTJOY TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—Last harvest I purchased one of your Combined Self Rakers, and I pronounce it a first class Machine. Can cut any kind of Grass wet or dry, at a very slow walk, and never chokes. The Self Raker works very well. I believe that it can bring up lodged Grain that no other Machine can do with blanks, and can be changed for different kinds of Grain, which is a great advantage. Yours truly,

HENRY W. SWARTZ

CUMBERLAND TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—I bought one of your Combined Self Raking Reapers and Mowers, and can recommend it as a splendid Mower. Never chokes, and of light draught, and the Rake does all it is recommended to do. It is a great advantage to make the sheaves any size you wish.

Yours truly, JOHN SOCKS, Sr.
JOHN SOCKS, Jr.

STRABAN TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—We, the undersigned, having used and fairly tested the Hubbard Combined Reaper and Mower, (Hand Rake.) can recommend it as of light draught, and free from side draught, and believe it to be the most durable Machine in our locality, and has given us general satisfaction. Yours truly,

JOHN G. BRINKERHOFF,
JOHN STALEY,
ISAAC F. BRINKERHOFF.

GERMANY TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—I purchased one of your Combined Machines after going to see three different Self Rakers working. I immediately put it to the test in grain that leaned away from the Machine on two sides, and it gave entire satisfaction. I then cut my Oats crop, and cut a large quantity of Grass, and will say for the Hubbard that it will not choke in any kind of Grass, wet or dry, standing or lodged, at the slowest gait your horses will walk. Is free from side draught, no weight on horses' necks, and is light work for two horses. The Self Raker is without a doubt the best Self Raker out. It has *four Rakes, (no blanks,) and can bring* up lodged Grain that no Hand Raker can do, and can regulate the sheaves the size you wish—changing the Rake for any kind of Grain. That it will make nice work in the tallest Rye or the shortest Clover seed, and if the Grain is one thickness, can make a sheaf each revolution of the Raker without any aid from the driver; can also swath Oats, which is another great advantage no other Machine has. Yours truly,

SAMUEL WEANT.

GERMANY TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—I purchased one of your Combined Self Rakers from your Agents, HENRY THOMAS & SON, and can consistently recommend it as a very good Mower of light draught, and the Self Raker can bring up Grain that is down better than any Hand Raker can do. Yours truly,

JACOB KING.

I can endorse the above recommendation of Mr. King, as I have one of the same Machines.

The National

REAPERS AND MOWERS.

Hoffheins' Patents.

The No. 1 Machine has two Driving Wheels, Hinge Joint and Folding Bar, making it very convenient to move from one place to another; is very simple in its construction, extremely light draft and durable. cuts 4 feet 10 inches in grass and 5 feet 2 inches in grain; is a Self-Raker and Side Delivery, and is capable of cutting a whole field without binding a sheaf, and does the most satisfactory work

This Machine can also be used as a Hand Machine without injuring its qualities as a Reaper. The Machine is warranted to cut Grass as well as any Single Mower that cuts the same width. It is a strong two-horse Machine—three or four can be used, if required, in hilly ground.

GREAT IMPROVEMENTS have been made for the coming season.

The Machine is also perfectly balanced, no weight on the horses' necks in Mowing or Reaping.

Always remember that at the Mowing trial last summer in Gettysburg, in competition with 6 other leading Machines, the above named Machine was awarded the First Premium. This way it you want the best Machine.

No. 2 is a light two-horse Machine, and is differently constructed, cutting on the right-hand side; and in front of Driving Wheels is a Self-Raker and Side Delivery. The difference in the width of cut is 6 inches.

The shifting lever and the raising and lowering levers are both at the driver's right side, and with his right foot upon a pedal and his left upon a foot-step, he has the power and control of the whole machine, he can raise or lower the platform from three to fourteen inches, can throw the machine out of gear, and regulate the rake so as to make the *sheaves large or small, and all this at the* same time and without retarding the motion or speed of the machine.

Keep it before the people that at a fair mowing trial 7 different leading Machines were present at Dillsburg, York county, last Summer, and the National Machine was awarded the first premium.

All Machines warranted to give satisfaction! For further information apply to

NATIONAL SELF-DISCHARGING STEEL SPRING TOOTH

Horse Rake!

Patented September 9th, 1862, and Re-issued December 6th, 1864.

This Rake is an Independent Steel Spring Tooth Rake, and has proven itself to be the *most perfect* HORSE RAKE now in use. With this Rake the Horse does all the work, both the Raking and Discharging, by the driver moving a lever a few inches, which throws it in gear, and as the horse moves forward it raises the teeth and discharges its load, and then shifts out of gear itself, the teeth dropping down ready to rake again. By this operation it is easily understood that the *Raker has hardly any work to do at all!*

Important improvements have been made of late, making it very simple and durable in its construction. Thousands of them have been sold in the few last years, and given the best kind of satisfaction.

☞ Circulars giving a fuller description of these Machines can be had by applying to the Agent.

OHIO AND BUCKEYE PATENTS.

At the great trial of Reapers and Mowers at Auburn, N. Y., in July last, by the New York State Agricultural Society, this Machine was awarded the preference over all others in Class No. 5. This class was the most important of any, as it embraced Mowing and Hand and Self-raking Reaper in the same Machine.

This Machine has been awarded Medals and first Premiums by the Pennsylvania and Iowa State Fairs, and by hundreds of County Fairs in all parts of the country. This Machine took the first Premium at the Adams County Agricultural Fair held at Bendersville, September, 1866. Also,

NEW FIRM.

AT THE OLD STAND.

(EST'D 1817.)

I have associated with me, in business, my son, JOHN F. McCREARY, under the firm and style of D. McCreary & Son, and I desire to say to my old friends and the public generally that since the war, the manufacture of Saddles, Harness, Collars, &c., has been revived at the old established and well known stand on Baltimore street, one square south of the Court House, Gettysburg, Pa.

Having had an experience of 40 years in this establishment, I feel assured, that with renewed attention to business, we can still further merit and receive a full share of public patronage. DAVID McCREARY.

With increased facilities for conducting our business, we are better prepared than ever to satisfy the wants of all those who may need anything in our line. We especially call the attention of Farmers and others to the superior quality of our

In short, everything that pertains to a first class general horse furnishing establishment constantly on hand or made to order promptly, of the very best material, and by the most experienced workmen in the country, (two having worked in this establishment for the last thirty years.)

We are now manufacturing an excellent lot of Heavy Draft and Harness Collars for those who prefer our own to city made work.

Repairing of all kinds done at short notice and on reasonable terms.

All are cordially invited to call and examine for themselves, as our work cannot fail to recommend itself.

Sewing Machines.

THE GROVER & BAKER.—THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY

FOR IRREGULARITIES!

I have tested these Drops in my own practice, *three ten years*, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively, and harmlessly in cases of female irregularity, as does this preparation. In all recent cases it never fails to relieve. Females who have been long afflicted, are admonished to test its virtues at once.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, were they not in their nature private. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Menstruation, Leucorrhœa, or the train of diseases that follow, I would say, try a bottle of Dr. Lyon's FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. CLARK & CO., New Haven, Conn., General Agents for the United States and Canada.

Wheeler's Reparator Capilli.

Throw away your false frizzles, your switches, your wigs—
Despised articles of comfort, and not worth a fig;
Compound, genuine youthful, home-made and fair,
And reclaim your own natural hair.

REPARATOR CAPILLI.

For restoring hair upon bald heads from whatever cause it may have fallen out, and forcing a growth of hair upon the face, it has no equal. It will force the new hair to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false as treason for living witnesses testify to their own experience can bear without. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as numerous articles of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli. It will cost you nothing unless it fully comes up to our representations. If Reparator does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be refunded on application, providing entire satisfaction is not given. Whiskers

AND MUSTACHES!—Forced to grow upon the smoothest face in from three to five weeks by using Dr. SEVIGNE'S RESTAURATEUR CAPILLAIRE, the most wonderful discovery in modern science, acting upon the Beard and Hair in an almost miraculous manner. It has been used by the elite of Paris and London with the most flattering success. Nature should not be trifled with, and if entire satisfaction is not given in every instance, the money will be cheerfully refunded. Price by mail, sealed and postpaid, $1. Excelsior! Excelsior!

CHASTELLAR'S HAIR EXTERMINATOR! For removing Superfluous Hair.

To the Ladies especially, this invaluable depilatory recommends itself, as the fair and almost imperceptible effects to be derived from its use, are truly astonishing. Being entirely vegetable, it is easily applied, does not burn or injure the skin, but acts directly on the roots. It is warranted to remove superfluous hair from Low foreheads, or from any part of the body, completely, totally and radically extirpating the same, leaving the skin soft, smooth and natural. CHASTELLAR is the only article used by the French, and is the only real effectual depilatory in existence. Price 75 cents per package, sent post-paid, to any address, on receipt of an order by

Manhood:

HOW LOST, HOW RESTORED.

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the RADICAL CURE (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition in life may be, may cure himself cheaply, privately, and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also Dr. Culverwell's "Marriage Guide," price 25 cents. Address as the publishers,
